Announcements

The 1962 International Polled Show again proved that cattle from the valley of Virginia have improved the best herds. The 1962 Grand Champion Female was out of a cow that was bred by a consignor of this sale. This kind of a record has been going on for many years. In the present sale, there will be opportunities to buy cattle of equally sound breeding with the potential to make a record for the buyer.

Added to this sale is the dispersal of the well-known Gilbert Eidman herd and Roger Vincent's herd. Dispersals are always a good opportunity to buy quality cattle in numbers.

We will look forward to seeing you April 13th.

You are Invited to Attend

RIGBY'S LOT FARM DISPERSION

ON DISPLAY IN THE SHORTHORN
ROOM

AT THE BARN RESTAURANT.

Fellow Shorthorn Breeders:
Due to steadily increasing amount of time we must devote to our Restaurant, we have decided after a year of deliberation to disperse at this time.

Mrs. Eidman and I have thoroughly enjoyed our association with the Shorthorn Folks everywhere.

Gilbert Eidman

On the following pages we will try to give you pedigrees and facts on the animals involved. The herd is accredited and our veterinarian will attest to its good health. Our show record over the years without a professional herdsman we believe is outstanding. For this we must thank a valued friend, George Beattie, for his advice.

Since this is a complete dispersion including show equipment, tack box, halters, etc., we are not bound by the regular A. S. A. guarantee.

For additional information this herd has been culled religiously in recent years to insure only the best producers and milkers.

Herd accredited for T.B. and Bangs.

Standard Guarantee

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such a case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

All animals sold in this sale will be backed by the above Standard Guarantee.
